

AGREEMENT FOR PURCHASE OF EQUINE SEMEN BETWEEN MATAWHIO
SPORTHORSES LIMITED AND _____

1. This contract is between Matawhio Sporthorses Limited (Matawhio) which owns and stands the stallion “Chacco Silver” and _____(mare owner) being the person responsible for the mare detailed below.

MARE DETAILS

Name_____

Date of Birth_____

Colour_____

Height_____

Competition Level & Achievements_____

Sire_____

Dam_____

Dam Sire_____

Breed_____

Estimated Date Semen Will Be Required_____

2. For the 2019/20 breeding season, the price of a Chacco Silver fresh semen service is \$2000 plus GST.

A non-refundable booking fee of \$500 +GST is due at the signing of this contract. This will confirm a place for the mare whose details are recorded below. This fee is deductible from the service fee of \$2000 plus GST. The balance of the Service fee (\$1500 plus GST) is payable before the first

shipment of semen is sent or for mares boarded at our stud, before the mare is inseminated.

There is no Collection fee for the first shipment /collection of semen. The cost of each subsequent shipment of semen (for which the mare owner is liable), is \$200 plus GST which covers semen collection, preparation and packaging etc.

3. In the event that the mare is unsuccessfully inseminated twice, the mare owner may choose a substitute mare for insemination, on condition that the mare owner provides Matawhio Sporthorses Limited with a veterinary certificate that the mare is empty. The mare owner will then be entitled either to a further dose of semen for the insemination of the substitute mare OR to hold the mare over to the 2020/21 breeding season. In this case no further booking fee will be payable.
4. The mare owner is liable for all transportation costs for the semen if they cannot uplift it from Matawhio. Matawhio's flat fee for transporting semen to the Auckland Airport and flying it on a regular scheduled Air NZ flight to any other commercial airport in NZ, is \$230 plus GST, which is to be paid in advance into Matawhio's bank account. Transportation costs other than by air are to be negotiated separately.
5. Matawhio offers a live foal guarantee on the purchase of a Chacco Silver fresh semen service: that is a free return service (only) for the duration of the next breeding season (that is the season following that in which the mare was inseminated), provided that:
 - (a) a veterinary certificate of barrenness is produced in the event of the purchaser's mare slipping a foal;
 - (b) the mare was foaled under experienced and professional stud procedures;
 - (c) the foal does not live for more than 24 hours;

(d) a veterinary certificate is provided to Matawhio Sporthorses Ltd within 10 days of the foal's death. This certificate must also state that the mare was properly cared for during gestation and was attended at foaling. Failure to provide the certificate within the given period will render a return of service null and void.

(e) All rights of return to Chacco Silver exclude collection and transport fees.

6. REFUND OF FEES

The mare owner will be entitled to a refund of the Service fee if Chacco Silver dies or becomes unfit for service prior to your mare receiving semen in the 2019/20 breeding season.

7 WARRANTY

Matawhio Sporthorses Ltd will not be liable for lost, damaged, or delayed semen due to circumstances beyond its control

8. ISSUE OF BREEDING CERTIFICATE

One breeding certificate will be issued once the mare is tested 42 days in foal and all outstanding invoices have been paid by the mare owner for this contract. It will pertain to the mare described in the contract or any substitute agreed in writing with Matawhio Sporthorses Ltd.
